

About Our Founder: Dr. Vincent Monticciolo

Dr. Monticciolo believes everyone deserves a healthy smile. That's why his practice has always focused on helping those that might not otherwise get the dental care they need. In his day-to-day practice, that means using modern technology and procedures, like sedation dentistry, to create a comfortable experience for even the worst of dental-phobes. And one day a year, it means the smiles are on him.

In 2001, Dr. Monticciolo founded Dentistry From The Heart, a non-profit organization that coordinates an annual free day of dentistry. For the past seven years, Dr. Monticciolo has led a team of dentists, sponsors and volunteers in donating their time and resources to help those in need. Dr. Monticciolo's Dentistry From The Heart event is held annually on the Friday before Valentine's Day.

Dr. Monticciolo is a dental graduate from the University of Detroit and has completed training in pain control and conscious sedation. He is also a member of the American Dental Association, Florida Dental Association, American Dental Society of Anesthesiology, Dental Organization for Conscious Sedation and West Coast District Dental Society.

More information on Dr. Vincent Monticciolo and his dental practice can be found on his website at www.happydentistry.com.
